OFFICE OF PETITIONS

REQUEST FOR RECONSIDERATION OF PETITION UNDER 37 CFR 1.47 (A)

Commissioner for Patents
Box DAC
Washington, D.C. 20231

Sir:

Applicant herein petitions for acceptance of declarations from less than all of the inventors as compliance with the Notice to File Missing Parts dated January 11, 2002 for the captioned application.

The Declaration was first sent by certified mail to Vidyasagar Edara at his last known address of 2183 Pettigrew Drive, San Jose, California 95148 on January 24, 2002 by Melissa Paraday of Wildman, Harrold, Allen & Dixon, as shown on the enclosed letter marked exhibit A, and return receipt postcard marked as exhibit B. The Declaration was also sent to Yair Raz at his last known address of 1575 Lewiston Drive, Sunnyvale, California 94087 on January 24, 2002 by Melissa Paraday of Wildman, Harrold, Allen & Dixon, for the assignee of the application as

shown by the letter marked as exhibit C and return receipt postcard marked exhibit D. The respective Declarations were received by the inventors as evidenced by the signatures of Mr. Edara and Mr. Raz on the return receipt postcards marked exhibit B and D.

On February 27, 2002, Melissa Paraday spoke with Mr. Edara on the telephone and he stated that he was going to drop the Declaration off at InSilicon with his signature as shown in her statement marked exhibit E. Melissa again attempted to call Mr. Edara on March 11, 2002 and left a message on his answering machine asking him to call her back and let her know if he dropped off the Declaration at InSilicon as shown in exhibit F.

On February 27, 2002, Melissa Paraday called the residence of Mr. Raz where a woman answered and Melissa left a message with her for him to call her back regarding the Declaration, as shown in exhibit G. Mr. Raz called Melissa back later that day as shown in exhibit H and said that his lawyer was reviewing the Declaration and he would get back in touch with InSilicon when finished. On March 11, 2002 Melissa spoke again with Mr. Raz and he told her that his lawyer was still looking over the Declaration and he will try to get them back to InSilicon within the week, as shown in exhibit I.

Christine Parker also made an attempt to call Mr. Raz on April 8, 2002, as shown in exhibit J, and she was told that Mr. Raz was unavailable.

Affidavits furnished herewith by Melissa Paraday and Christine Parker, as exhibits K and L, state facts to support the conclusion that a diligent effort was made to reach the co-inventors Vidyasagar Edara and Yair Raz on the above noted dates.

Christine Parker later spoke with Examiner Alesia M. Brown on October 9, 2002 and asked her if the applicant could resend the application papers as well as the formal papers to Mr.

Raz and Mr. Edara. Ms. Parker asked if proof of this resending would be acceptable in a future request for reconsideration. Ms. Brown stated that it would be acceptable. These facts are noted in an email from Christine Parker to Doug Rupert which is marked as exhibit M.

On October 10, 2002 the application and formal papers were resent to Mr. Edara and Mr. Raz for their signature as shown in exhibits N and O.

On October 14, 2002 Christine Parker, as shown in exhibit P, asked Mr. Raz via email whether he would sign the Declaration. Mr. Raz responded, as shown in exhibit Q, that he would not sign the Declaration.

On October 30, 2002 Christine Parker spoke with Mr. Edara who claimed that he had already sent the Declaration to Mr. Joe Hustein of InSilicon. Christine, on the same date, sent an email to Mr. Joe Hustein of InSilicon asking him if he has received the application papers, including the Declaration, from Mr. Edara as shown in Exhibit R. Christine received an email back from Mr. Hustein stating that he had not received any papers from Mr. Edara as shown in Exhibit S. Christine then called Mr. Edara stating that we had not received the application papers and to please resend them to us as is noted in an email from Ms. Parker to Doug Rupert which is marked as Exhibit T.

On November 4, 2002 Mr. Edara called Christine Parker and said that he had signed the application papers and was sending them that day in the mail as shown in an email from Christine Parker to Doug Rupert marked as Exhibit U.

An additional Affidavit furnished by Christine Parker, as shown in Exhibit V, states facts that support the conclusion that a diligent effort was made to reach the co-inventor's Vidyasagar

Edara, who has now provided us with a signed Declaration, and Yair Raz, who has stated, affirmatively, that he will not sign the Declaration.

As of today's date, Mr. Edara has returned a signed Declaration, and Mr. Raz has not returned a signed Declaration, to my office or to the offices of InSilicon Corporation.

The applicant respectfully submits that it has been established that Mr. Raz has received multiple copies of the Declarations as well as a copy of the application, and by his failure to return a signed Declaration, and his affirmative refusal to sign the Declaration has refused to sign and return a signed Declaration.

The undersigned has reviewed the copies of the documents furnished herewith and certifies that they are true and accurate.

Authorization is given to charge any fees to **Deposit Account No. 23-2126** incurred as a result of this response.

The undersigned, being hereby warned that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent resulting therefrom, I declare that all of the above statements are true based upon my personal knowledge.

Doug,

I spoke with Examiner Alesia M. Brown (703) 305-0310 regarding the Dismissal of our renewed Petition Under 37 CFR 1.47 (A). I asked her if we could resubmit the application papers as well as the formal papers to the 2 inventors who have not signed. I asked her if proof of this would be acceptable should we need to submit another petition. She assured me that would be acceptable. So I will do this today and over night to the 2 inventors.

I have not received any papers from Mr. Vidyasagar Edara. We can try to get copies from him or if you have copies that you can provide, let us know.

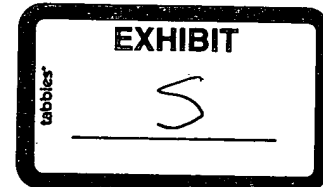

Regarding Yair Raz, I don't know what you need him to sign or why he chooses not to sign. His partner/co-inventor at Razim, Arik Paran (cellphone# 408-828-4304) called me last week to tell me that he thought there are some statements being made that conflict with other applications he and Raz have in process. I don't know the details. I am trying to have Paran contact Ted Chen, Synopsys Associate General Counsel (and patent attorney), who oversees all Synopsys IP matters. His contact information is below. As you may know, inSilicon was acquired by Synopsys Corporation on September 20, 2002. All inSilicon IP matters and files have been turned over to Ted so he should be your firm's contact going forward. I am working in the Synopsys legal department only on a brief transition basis, mainly in the commercial area.

Dear Joe:

I spoke with Mr. Vidyasagar Edara regarding the application papers which need to be signed and returned by him regarding the above-referenced application. He claims that he has already sent these application papers to you at InSilicon. Please acknowledge if you have received these papers from Mr. Edara. We have also heard from Mr. Yair Raz regarding this matter and he has already stated to us that he will not be signing these papers. Thank you for your time in this matter.

Regards,

Doug,

I called Mr. Edara again this morning and left another message letting him know that we have not received application papers as he stated that he had already sent to InSilicon and I asked him to please sign and resend them. I also emailed Joe Hustein at InSilicon asking him if he has received the applications papers that Mr. Edara claims he has sent. I am awaiting his reply.
